

LittleNest â Partnership Pack

Evidence-based child health guidance for UK families.

Created by a GP Specialty Trainee and mum.

Web: <https://www.littlenestfamily.co.uk>

Why LittleNest exists

Parents often struggle to know when a child needs medical attention, and online advice is conflicting and frightening.

LittleNest provides calm, evidence-based guidance that helps families recognise red flags, understand common childhood illnesses and know when to seek medical attention. It complements, but never replaces, professional medical care.

Partnership opportunities

- Educational articles
- Live webinars
- Ask the GP sessions
- Co-branded resources
- Newsletter content
- Parent health campaigns
- Pilot programmes

Flexible collaborations, UK-focused, mission-driven.

Let's support more parents together

Book a discovery call or email us to explore a collaboration.
